

# HUEBSCH VEND SOLUTIONS AND OPPORTUNITIES

# BUILT FOR SUCCESS.

At Huebsch, our priority is making commercial laundry equipment that's perfectly aligned with your business philosophy. In other words, because you believe that profit is the inevitable result of superior efficiency, durability, simplicity and service, that's exactly what we deliver.

Built to thrive in demanding commercial environments, Huebsch laundry equipment is constructed using the most premium metal components and quality-assured in our state-of-the-art test lab to guarantee uncompromised performance. And our people are just as reliable. With the most comprehensive support network in the industry, Huebsch makes reaching your commercial laundry goals easier than ever.

## YOUR SMART LAUNDRY PARTNER

As part of ALS, the world's largest commercial laundry company, we help you achieve success with more laundry services than anyone else in the industry.

### LAUNDRY DESIGN

From preliminary drawings to completed layouts, you can rely on our dedicated team of laundry experts to assist you with your commercial laundry design.

### DISTRIBUTORS

True laundry experts, our knowledgeable distributors offer guidance, service and support.

### CUSTOMER SERVICE

We're committed to delighting our customers at every point of interaction.

### GENUINE PARTS

Same design. Same reliability.  
The perfect maintenance solution

# LEADING PERFORMANCE IN LAUNDRY FROM THE WORLD LEADER.

Choosing Huebsch gives you access to the resources of Alliance Laundry Systems for all your laundry solutions needs in the days, months and years ahead.

Alliance Laundry Systems makes the world cleaner as the premier provider of laundry solutions. We deliver leading performance in commercial laundry through our family of brands, including Huebsch.

## LAUNDRY IS OUR SOLE BUSINESS

Alliance leads the world in commercial laundry sales, product range, global reach and R&D investment. We serve more than 140 countries with a team of more than 3,000. Check out the advantages you enjoy with our focused approach:

### **SUPERIOR TECHNOLOGY**

The world needs faster, easier, better laundry. In recent years, we've invested over USD300 million in R&D to make it happen. Our global team of laundry scientists, engineers and designers are dedicated to purpose-driven laundry innovation.

### **STRONGER NETWORK**

You're never too far from better laundry, thanks to expert Alliance teams in 14 strategic locations worldwide and over 1,200 specialist commercial laundry distributors. No matter where in the world you are, big help with big laundry is always within reach.

### **COMPREHENSIVE TRAINING**

We offer training for everyone involved in the laundry process. Our laundry learning programs include operator training, service schools, maintenance seminars, business training and much more.

### **AWARD-WINNING CUSTOMER SUPPORT**

Our outstanding customer service is dedicated to helping you develop the most efficient laundry operation possible – and keeping it running at peak efficiency.

### **MEASURABLY BETTER**

To get the excellence you deserve, you can rate our services at every interaction. If you're not happy, let us know and we'll make it good. Were we helpful? Share your approval. Our team thrives on a positive experience. Understanding your satisfaction helps us improve our performance.

# THE PERFECT EQUIPMENT FOR LAUNDRY SUCCESS

Huebsch gives you a wide range of vended laundry equipment to choose from. Enjoy special designs to create the perfect laundry you have in mind to meet your needs and those of your customers. The Huebsch team is ready to make things easy and help you make the right decisions. Our experience and knowledge will help you succeed in building your business and laundromat.

# GALAXY™ TOUCH CONTROLS

**Huebsch**

# SIMPLE IS POWERFUL. SIMPLE IS EFFECTIVE. SIMPLE IS...PROFITABLE.

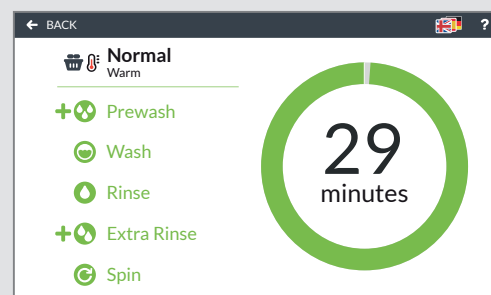

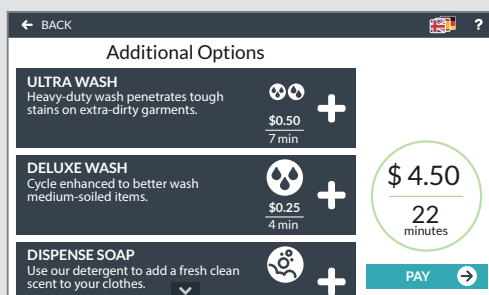

Simple is good, but when it's Huebsch® technology, simple becomes much more.

With the introduction of its Galaxy™ Touch control, Huebsch® provides laundromat owners a powerful tool that simplifies the laundry experience for their customers. An intuitive, full-color touchscreen, Galaxy Touch offers multiple language options - now, all customers can get the exact wash and dry cycles they desire.

Galaxy Touch places profitable cycle modifiers front and center for customers - using real-word descriptions. Bottom line: when they know exactly what they are getting with premium options, customers are more likely to select them. And with anti-wrinkle and reversing selections, tumblers are now positioned to generate additional revenue on the drying side.

Best of all, the touchscreen control comes with peace of mind as it has been tested to stand up to the rough demands of a busy vended laundry environment:

- Push button tested to 1 million times per square inch of control surface (equivalent to pressing every square inch of the control 100 times per day, 365 days per year, for almost 27 ½ years)
- Impact tested with a one-pound ball dropped from 4 feet, with plastic screen sitting in freezing temps for three hours.
- Surface treated with multiple chemicals, including Formula 409®, stainless steel cleaners, Windex®, bleach and other laundry chemicals and the control still functioned as normal.
- The material is a polycarbonate. Polycarbonate is the same material used in ballistic safety glasses and "scratch proof" lenses.

# FRONT LOAD WASHERS

## HF

Energy efficient. Cost efficient. Everything you need to reduce operating costs, from our low water usage to our high-speed extraction. Less moisture translates into reduced drying times. Fast cycle times get the job done quickly, providing high turn counts for busy vended laundries, while the double load washtub provides plenty of room for larger loads.

### UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed by Huebsch's standard three-year warranty.\*

\*Parts only, labor not included.  
See Huebsch Warranty Bond for specifics.  
Warranty can vary across countries.

### POWER LOGICALLY APPLIED

- Revolutionary balance technology reduces cabinet vibration considerably, reduces floor force, and decreases drying time and expense – it runs 2.5X quieter than previous models.
- High spin speed up to 1,200 RPM, 440 G-Force removes more water from clothes.
- Heavy-duty construction, from rugged steel drive components to stainless steel inner and outer tubs.
- Exclusive baffle design scoops water. No enclosed area under the baffles prevents mildew growth and reduces the possibility of odours.
- A pump drain allows our front load washers to be installed adjacent to or replace top load washers with no special plumbing (a gravity drain option also is available).
- Redesigned supply dispenser features four compartments (Pre-wash detergent, wash detergent, bleach, and softener) and automatically dispenses as needed for a complete wash.

Not all models are available in all markets. Capacities could also vary.

### CONTROLS

#### GALAXY™ 600 CONTROLS

This control enables networking with our larger equipment and off-site management. Galaxy™ 600 also offers owner and customer benefits such as PC programming and machine audit capabilities, time-of-day pricing, 'lucky cycles', cycle modifier keys and much more. **Huebsch Command™-compatible.**

#### MICRO-DISPLAY 2

Our Micro-Display Control (MDC) clearly displays the vend price and keeps customers informed throughout the wash process with cycle status lights and a digital cycle countdown. Interfacing with a variety of aftermarket card reader systems, MDC offers four cycle selections and basic audit data features.

### ACTIVATIONS

Electronic drop, Aftermarket card readers, Central pay

# TOP LOAD WASHERS

## HW

Huebsch commercial top load washers allow a coin laundry owner to provide an assortment of machines for customers' varying needs. They are popular with people who separate items into smaller loads.

Constructed with heavy-duty components, from the stainless-steel washtub and all-metal transmission to the commercial grade cabinet finish, you're ensured an extended life for your coin laundry investment.

### UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed by Huebsch's standard three-year warranty.\*

\*Parts only, labor not included.  
See Huebsch Warranty Bond for specifics.  
Warranty can vary across countries.

### FOR GREAT RESULTS FAST

- With a two-speed motor, the top load washer's 710 RPM maximum spin speed ranks among the highest in the industry, reducing drying times and handling high turn volumes during peak periods.
- Our curved four-vane agitator delivers an industry-best 210° wash stroke. Plus, the new top panel wide-fan spray system rinses fabrics more evenly. It all adds up to unparalleled cleaning results.
- Huebsch's exclusive stainless-steel tub comes with a lifetime warranty, it won't pill, snag or fray clothes. An air gap prevents contamination from grey water back siphon.
- Fast cycle times allow laundromat owners to capitalize on the opportunities for additional profits.

Not all models are available in all markets. Capacities could also vary.

### CONTROLS

#### GALAXY™ 600 CONTROLS

# DRYERS

## HD

With a large load capacity in a compact frame, each one of our single dryers is all business, all the time.

Commercial dryers are designed as perfect complements to front and top load washers for vended laundry applications in areas where revenues may not support a large-scale coin laundry. With a large easy-to-clean lint compartment and a reversible door to accommodate your laundry design, Huebsch single dryers are designed to suit your laundry's specific needs. The 1913.8 sq cm (2.06 sq ft) door opening is the largest in the industry, providing easy loading and unloading for your customers.

### UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed by Huebsch's standard three-year warranty.\*

\*Parts only, labor not included.  
See Huebsch Warranty Bond for specifics.  
Warranty can vary across countries.

### ENERGY-EFFICIENT SPEED

- Durable galvanized steel cylinder with an extra-large 198.0 litres (7 cu. ft.) of volume to handle large loads and promote faster drying.
- Efficient dryer heating with 25,000 Btu (6,300 kCal) (gas models) and up to 5,350 Watts (electric models).
- Extended Tumble helps eliminate wrinkling by tumbling for two minutes after a 20-minute cycle is completed and continues tumbling for two minutes during 1 hour interval.
- A quiet, efficient blower system uses a superior airflow of 104 liters (220 CFM) per second for quick drying results and low operating costs.

Not all models are available in all markets. Capacities could also vary.

### CONTROLS

#### GALAXY™ 600 CONTROLS

This control enables networking with our larger equipment and off-site management. Galaxy™ 600 also offers owner and customer benefits such as PC programming and machine audit capabilities, time-of-day pricing, 'lucky cycles', cycle modifier keys and much more. **Huebsch Command™-compatible.**

#### MICRO-DISPLAY 2

The new clean style Micro-Display Control (MDC2) clearly displays the vend price and keeps customers informed throughout the wash process with cycle status lights and a digital cycle countdown. Interfacing with a variety of aftermarket card reader systems, MDC2 offers four cycle selections and basic audit data features.

# STACKED WASHER/DRYERS HT / HS

Get the complete package in a single unit, combining our efficient dryers with the powerful performance of our industry-leading front load washers. Our line of stack washer/dryers are designed as vertical combinations that provide all the power of Huebsch washers and dryers, while occupying only half of the floor space of a conventional washer and dryer setup. Plus, these stacked units allow you to utilize the same connections and hook-ups required by a standard washer and dryer and come preassembled for simple installation.

## UNMATCHED DURABILITY

Built with premium materials and tested to meet the demands of the harshest environments, these commercial-grade machines deliver reliable, efficient operation load after load—and they're backed by Huebsch's standard three-year warranty.\*

\*Parts only, labor not included.  
See Huebsch Warranty Bond for specifics.  
Warranty can vary across countries.

## UP TO SPEED

- Improved suspension with new out-of-balance logic manages and redistributes unbalanced loads for uninterrupted wash cycles.
- Extended Tumble helps eliminate wrinkling by tumbling for two minutes at 20-minute intervals if the door isn't opened.
- Just like their stand-alone counterparts, Huebsch stacks are nearly completely front serviceable to limit downtime for service.

Not all models are available in all markets. Capacities could also vary.

## CONTROLS

### GALAXY™ 600 CONTROLS

This control enables networking with our larger equipment and off-site management. Galaxy™ 600 also offers owner and customer benefits such as PC programming and machine audit capabilities, time-of-day pricing, 'lucky cycles', cycle modifier keys and much more. **Huebsch Command™-compatible.**

### MICRO-DISPLAY 2

MDC2 dryer cool down time is a user programmable option, set to 10 minutes by default on international models to comply with IEC requirements.

# HARDMOUNT WASHER-EXTRACTORS

HC20 / HC30  
 HC40 / HC60  
 HC80

Huebsch's hardmount washer-extractors, featuring Galaxy™ Touch control, is a unique product that truly delivers return on investment.

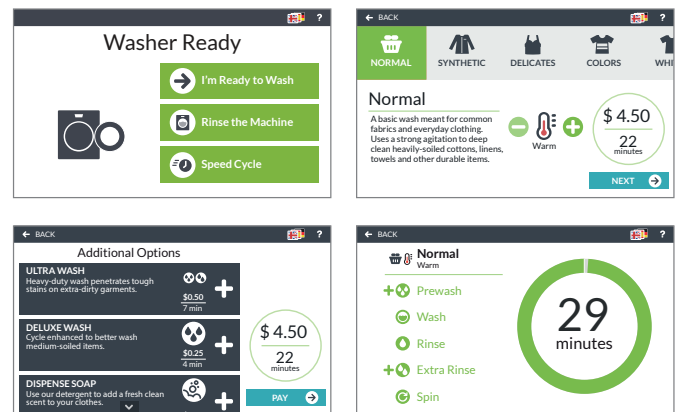

- Strong frame lasts longer, balances loads more efficiently, and is designed to reduce sound and vibration levels
- Advanced inverter drive system provides smooth, reliable performance
- Higher extraction speeds mean shorter dry times and lower energy bills
- Sump system design maximizes cleaning power while using 7% less water
- Leak detection with our patented Water Guardian, saves water by detecting slow or leaking fill-valves and drains
- Easily serviceable with front panel access

## CONTROLS

### GALAXY™ TOUCH CONTROL

The Galaxy™ Touch display is clear, easy to use, easy to understand directions with profitable cycle modifiers enhance your customers' experience and increase return on investment.

- 7", full color, touch screen display
- User-friendly screens with operating instructions built in as part of the control
- 3 basic cycles, 1 custom cycle, 3 basic temperature options
- Easy-to-understand cycle modifier prompts will encourage your customers to customize their wash
- Flexible pricing and additional revenue opportunities with customizable cycle modifiers, time-of-day pricing and lucky cycle options
- 30+ languages available
- On-screen timer so your customers know exactly how much time their cycle will take

- Speed Cycle option for those who want to get in and out quickly
- Flexible Payment Options – Coin, Card, Mobile, Cash

### GALAXY™ 600 CONTROLS

## DESIGNED TO IMPROVE YOUR BOTTOM LINE

### A VARIETY OF CYCLE SELECTIONS

Six cycle selections and multilevel pricing mean more opportunity for profit, while time-of-day pricing helps increase turns during slow times.

### EXTRA WASH AND RINSE KEYS

These options enable customers to tailor wash cycles—at premium vend prices.

# TUMBLE DRYERS

HGT30 / HGT45

HG25 / HG30

HG35 / HG50

HG55 / HG75

Huebsch's tumble dryers, featuring Galaxy™ Touch control, is specifically designed with fewer moving parts, so you'll face fewer maintenance issues over their lifespan.

- 5", full color, touch screen display on stack tumble dryers (7" display on single tumble dryers)
- Chrome door ring
- Lint trap blends in with front panel for a sleek, modern look
- Innovative galvanized cylinder design with stainless steel back
- Patented oval cylinder perforations prevent small metal objects from passing through and damaging the dryer's sweep sheets

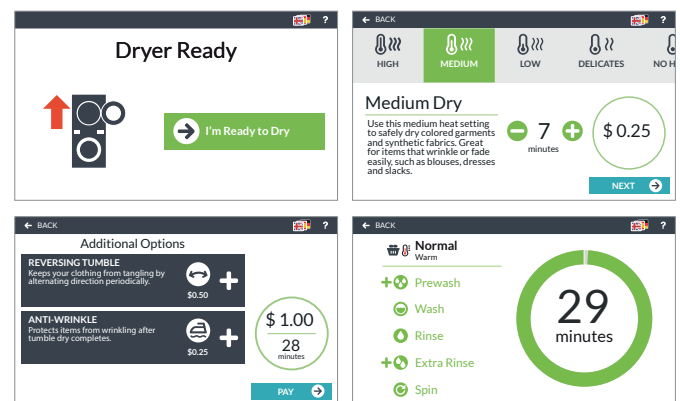

- Axial Airflow provides the most concentrated and efficient drying possible to make dry times even faster, while saving you money

## CONTROLS

### GALAXY™ TOUCH CONTROL

The Galaxy™ Touch display is clear, easy to use, easy to understand directions with profitable cycle modifiers enhance your customers' experience and increase return on investment.

- User-friendly screens with operating instructions built in as part of the control
- 5 basic cycles (high, medium, low, delicate, no heat)
- Easy-to-understand cycle modifier prompts will encourage your customers to customize their dry
- Flexible pricing and additional revenue opportunities with customizable cycle modifiers, time-of-day pricing and lucky cycle options
- 30+ languages available

- On-screen timer so your customers know exactly how much time their cycle will take
- Flexible Payment Options - Coin, Card, Mobile, Cash

### GALAXY™ 600 CONTROLS

#### DESIGNED TO IMPROVE YOUR BOTTOM LINE

Integrating Galaxy 600 controls allows for intuitive operation and simple programming throughout your store with revenue-boosting options. Better yet, it means your vended tumble dryers are Huebsch Command™-compatible.

# STACKED TUMBLE DRYERS

## HSG30 / HSG50

Huebsch's new option in Stacked Washer-Extractor/Tumble Dryer, featuring Galaxy™ Touch control, is a unique product that truly delivers return on investment.

- Designed to produce maximum ROI per square foot for laundries where space is at a premium
- Offers all the benefits of a Huebsch 30-pound washer-extractor and tumble dryer (50-pound version also available)
- A flush-mounted soap dispenser contributes to the machine's sleek, modern design, that includes stainless steel with chrome accents
- Minimal front fasteners gives quick access to key washer-extractor components to improve serviceability
- Tumble dryer features two cycle modifiers for additional profit potential
- Great product for owners to differentiate their store from the competition. The stack provides customers an all-in-one option, with no need to use a laundry cart to transfer loads across the store to the tumble dryer section.

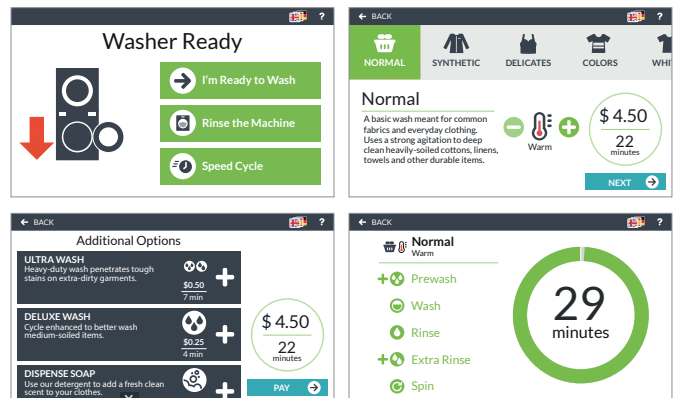

### CONTROLS

#### GALAXY™ TOUCH CONTROL
